**Subject:** Upcoming Council meeting schedule– Seattle Children’s Hospital request for a new Major Institution master plan (CF 308884)

The following calendar sets forth the likely schedule for upcoming Council committee meetings concerning the request by Seattle Children’s Hospital (Children’s) for a new Major Institution Master Plan (MIMP). These meetings will be held in Council chambers starting at 9:30 am, with the exception of a 2:00 pm start time on February 25, 2010. The meeting format will generally include a briefing by Council Central Staff on certain issues related to the requested MIMP, supported by excerpts of the Hearing Examiner’s record. There will also be time for Councilmember’s to ask questions to staff. Parties of Record will have an opportunity to respond to issues discussed and to present their appeals at the January 27 meeting.

PLUNC (to be renamed the Committee on the Built Environment or COBE) is planning on holding three meetings on Children’s in January, 2010. In February 2010, two meetings are currently scheduled for Children’s. It is my desire to forward a recommendation to full Council on Children’s request for a new MIMP at the end of February. However, PLUNC/COBE may require additional meetings to consider the request.
